Unity Though Collective Power

V.4: Purpose: To reach into Heaven (highest Heaven) & “make a name” (renown/fame) – *lest we be scattered*.

V.6: “what they begin” – *chalal*: to defile/profane.

V.6: Be withheld (or) will be impossible – *batsar*: to fortify/make inaccessible to another/gather against.

V.7: God comes down; imposed judgment.

V.8: The people disperse; project stops.

- **Solidarity in self-naming: Defining our Purpose.**
- **Declared independence from God: Pursuing our own Order.**
- **Achieved through Power in Unity: Framing our own Security.**

“ A change is now felt throughout the entire world. A divine responsibility governs our actions. As we are one with the past, so must we be one with the future... [Man’ s] strength can only come through world unification, peace and fellowship – a grander coalescence – a world centralisation.”

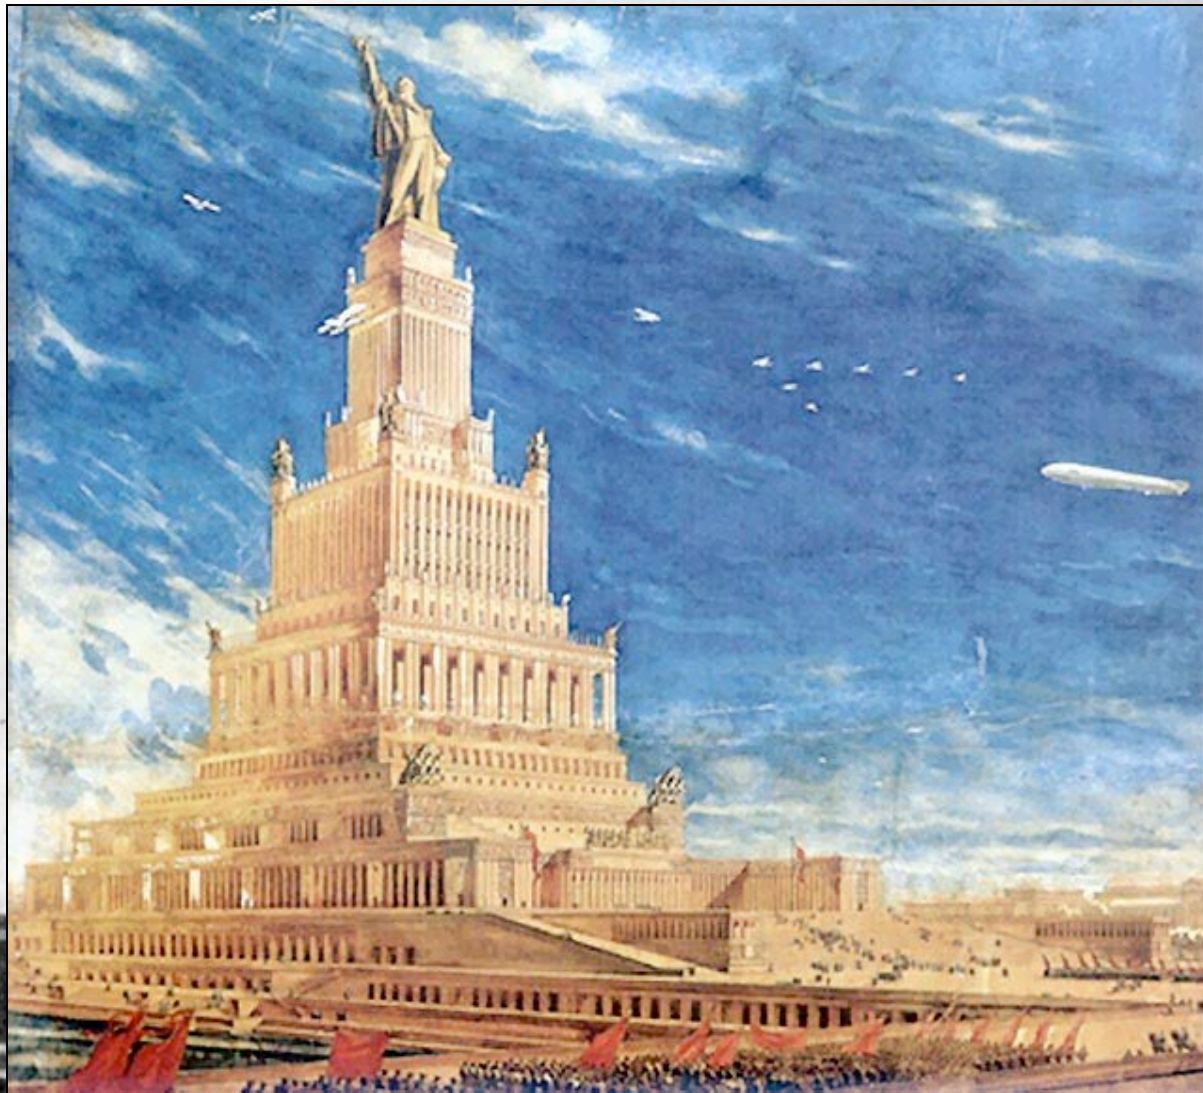

– Andersen, *World Conscience*, p.11

WAR & WORLD GOVERNMENT

ADVANCING WORLD FEDERALISM

“The creation of an authoritative, all-powerful world order is the ultimate aim towards which we must strive. Unless some effective World Super-Government can be set up and brought quickly into action, the prospects for peace and human progress are dark and doubtful.”

Searching for a World King

“...the world does need a civilized coordinator in international relations and in settling global problems. More than that, this coordinator must be a stabilizing factor, actually, the last ditch authority on the Earth. He must win confidence of each man and each nation. People must be stark sure that this coordinator would solve any problem in a just and humane way. And one should be sure that in him we would find understanding and sympathy, that he would treat any nation as his own son... can the world community do without a coordinator? Definitely not.”

**A First Hand Look:
Setting the Agenda for World Order**

Editor's NOTE: This edition of *Forcing Change* is exceptional, providing "first-person" coverage of an extraordinary "world government" event.

In July, Olivia Chance - my summer intern - and myself, had the opportunity to attend the 26th International Congress of the World Federalist Movement, the largest and one of the longest running pro-world government organizations in operation. This edition of *Forcing Change* details this event; the WFM agenda for the next few years, the organization's history and successes, and the role of this body in the quest for "world order."

Olivia and I have written detailed reports about our WFM experience, and both start on page two. My suggestion is this: Read Olivia's essay first. When done, go to page 31, "Stepping Stones to Global Order," as this article gives you an important perspective on the victories of the WFM and the organization's importance in ensuring the success of the International Criminal Court and the Responsibility to Protect interventionist doctrine, used as justification for NATO's action in Libya last year. Then, return to page two where my essay begins, and continue through to the end.

When done, you will have gained insights that would be next-to-impossible to find anywhere else.
Forcing Change is pleased to give you a "first hand look."

UNITY OF RELIGION AGREEMENT

We, the religious leaders and representatives of the spiritual traditions of the world, have been born into this generation with the duty to end war and to establish peace.
For the heritage of peace to be brought to all generations, we must do everything in our power to end all wars on this earth and to establish world peace according to the will of the Creator, God. Therefore, all religions must unite under God as one.

We pledge in sight of God, all people of the world, and the peace advocate to become one under God through the unity of religion.

We hereby acknowledge that we must be recreated through God's seed so that we might be recognized as the family of God, and in that likeness, shine an eternal light upon the earth, loving our neighbours as ourselves.

We recognize our need for repentance, as well as our need to show grace to all people of the world; grace which can be seen in the light, rain, and air of heaven, and through that grace, lead humanity to salvation from death.

We recognize that we must be recreated through God's seed so that we might be recognized as the family of God, and in that likeness, shine an eternal light upon the earth, loving our neighbours as ourselves.

Considering the grace we have received, we are moved to fully carry our filial duty to our Father God; that is, to do whatever we can to make this world one over which God can reign.

This we recognize as a task appointed to this generation.

We recognize that when religions become united, wars will end, and peace will come to the world. This has been the will of God and the purpose of religion for the past 6,000 years.

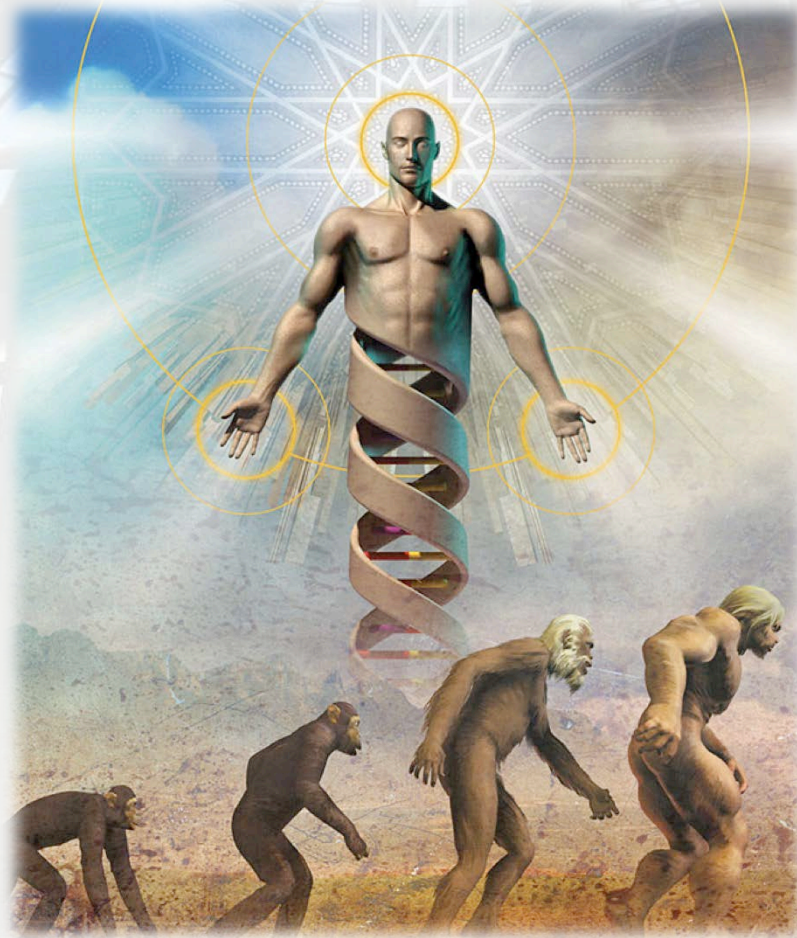

Therefore, I hereby sign this agreement in sight of God, all people of the world, and the peace advocate.

Reaching a Tower of Babel Moment?

“We are now at a Tower of Babel return point; anything we imagine, we can do. There is nothing out of our grasp now”

Transhumanism and Spirituality Conference
Salt Lake City, UT October 1, 2010

“As our understanding of technology grows, so does our understanding of the spiritual universe...
...our conception of God has formed and reformed into the shape of our technology. Not only that, spiritual figures are seen as a master of current and future technology...

Profound technological change and profound philosophical change are intermingled.”

What have we learned?

One World

Synthesis of East and West

“A new consciousness is also emerging from a growing awareness in the West of the wisdom of the Eastern world-view. Buddhism, Hinduism, Taosim and Shinto ...Perhaps we can learn through them to see the world whole, as it really is, and together – West and East – begin to build the foundations of a new world order.

The most urgent item on the planetary agenda is to set the limits of freedom and order in supra-national, global affairs. A constitution for the world is needed which combines the achievements of both hemispheres: that is, constitutional limitations and a bill of rights from the West and a spacious world-view from the East.”

Response

1. Recognize the *historical continuation* of Man's sin desire – to be in charge of our own destiny, to build our own Order.

“...there is nothing new under the sun. Is there anything of which it is said, ‘See, this is new’ ? It has already been in ancient times before us.” (Ecclesiastes 1:10b-11a)

2. Don't be gullible participants.

3. Guard your heart.

- Guard against the social pride of Man, seeking power in our own unity, and thus profaning the true God.
- Guard your heart against your own pride; good works, accomplishments, social positions, etc.

“[it is my] hope that this generation may turn from that greatest of wickedness, the placing of any created thing in the place of the Creator, and that this generation may get its feet out of the paths of death and may live.”

– Francis A. Schaeffer, *How Should We Then Live?*, p.258

Demands of Human Unity

- Exclusive truth claims – taboo.
- Uniqueness of God and Salvation by Jesus Christ alone – divisive.
- Higher standards and a Final Judge – repulsive.

“If the world hates you, you know that it hated Me before it hated you. If you were of the world, the world would love its own. Yet because you are not of the world, but I chose you out of the world, therefore the world hates you.”

– John 15:18-19

**“Thus says the LORD, the King of
Israel,
And his Redeemer, the LORD of hosts:
‘I am the First and I am the Last;
Besides Me there is no God.**

**Is there a God besides Me?
Indeed there is no other Rock;
I know not one’.” - Isaiah 44:6,8b.**

Wisdom Says...

“Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight.

Do not be wise in your own eyes; fear the Lord and shun evil.” – Proverbs 3:5-7
